

We all know that the most important part of any wedding is the venue. Designed to impress by Award Winning Polish designer **Piotr Welniak** whose international reputation for style and innovation has been confirmed by his design here at **The Millennium Suite** and the swanky **RS Lounge**, our sister company. It can be assured that in choosing these venues you can guarantee the Wow factor from your guests.

The 700 car parking space and the helicopter landing space makes this an ideal venue to host your wedding. No struggling out of a car at the side of a busy road, no walking from a multi story for your guests. Just the ease and simplicity of arriving, being the centre of attention, and walking to the admiration of all your guests through the grand entrance to the main Millennium Suite hall. Sitting down in your place and letting us take the strain.

The music you have chosen for the day playing through our state of the art sound system and the lighting colour and theme matching your requirements to give you that perfect day.

Catering from 300 guests up to 1200 in a cabaret style, the Millennium Suite is the largest luxury venue in East London. Its versatility is only restricted to your imagination and we can tailor make your big day to your exact specifications. Our professional and award winning in house catering team can ensure your satisfaction with cuisine from around the world, from the standard English to the more exotic Asian delights.
